

It is more important than ever to pray for our schools, teachers, administrators and students as they return to school. On Sunday, August 14<sup>th</sup> during morning service in the auditorium, there will be a special time of intercessory prayer for the upcoming school year. We will pray for those who work in education in any capacity including home school, co-op, and after-care. All teachers, students, and other school personnel will be asked to stand as we acknowledge them in prayer.
